

IPSC Classic Division Supplementary Guidelines (2015)

In an effort to eliminate uncertainty and to promote consistency (as much as possible) please note that the items listed below are **acceptable/permitted** for IPSC Classic Division:

- Bull barrels / Coned barrels
- Shaped slides (Flat top, tri-top, etc ...)
- Shaped trigger guards (squared and/or undercut trigger guards)
- Bob-tailed back straps
- External extractors
- Custom magazine release buttons
- Extended slide lock lever
- Finger grooves, machined and/or add-on (to include wrap around grips, inserts, etc ..)
- Thumb shields, provided they do not serve as a thumb rest
- Accessory rail (still subject to the 75mm dustcover measurement)
- Other modifications permitted include those of a cosmetic nature:
 - custom grip panels
 - scrimshaw or
 - similar surface engravings, (checkering, serrations etc.).

Additionally, the following images illustrate measurement protocols:

Prohibited Items/modifications:

- Slide lightening cuts
- Weak hand thumb rests
- Slide rackers

Based on IPSC Handgun Rulebook Jan 2015 Edition Appendix D3
This guideline is merely for quick reference. Consult the official rulebook for official ruling
